

# GTC Punter's Club

Last season saw a small return on your investment. Significantly more than \$30,000 has been raised for the club through on-course commissions over the last three seasons. There are very few opportunities' where the club can raise this amount of money. It is important to acknowledge that there are no guaranteed returns on your \$100.

We understand that the way the money is invested is not a traditional punters club by letting you know in advance what the bets are to be on any given day but our punter likes to get value and sometimes only decides his bets minutes before the race.

The Geraldton Turf Club is presently constructing a web site and detailed results will be placed on the website the day following a race meeting.

Richard Bell who is one of WA's most astute and sought after analysts will again select bets. Richard is a keen novelty player and last minute betting punter, so be aware it is not possible to notify every one of the investments.
